The dedication

Miss Nancy Mettler has taught English at Firestone since the school opened in 1962. Each year, she has put forth her best effort to help students and has been a faculty advisor. She has exhausted herself time and time again grading research papers, exams or composition tests. She has often taken time out from her free periods to talk with students. This year Miss Mettler taught English Lit. I, English Lit. II, Composition, and Advanced Placement English. She was also faculty advisor to the Baccalaureate Committee.

Miss Mettler was born in Akron and graduated from Buchtel High School. She then received degrees from Mt. Holyoke College and Case Western Reserve University. Before coming to Firestone she taught at Central High School. Her retirement this year ends a 35 year teaching career.

Throughout her teaching years, Miss Mettler possessed the rare traits that appear in all good teachers. Her patience, rapport with students, and understanding have made her an invaluable part of our lives. She taught not only from the pages of many books, but she taught from her own experiences. Her retirement will prove to be a loss to future Firestone students.

We, the VOLPLANE staff of 1976, dedicate the bicentennial yearbook to her, in appreciation of her service to the school. We wish her much happiness in all of her future endeavors.

Every year there are several juniors who decide to graduate a year early either to enter college or pursue other interests. This year five such people have completed all of their requirements and are graduating with the class of "76". Lori Oestreicher is graduating early because she wants to pursue her theatrical career by joining Up With People. After completing all of her requirements early, Gina Christoff decided that college was ahead of her, and she wanted to get started as soon as possible. Others graduating early are Kim Eckard, Mark Friese, and Cindy Propora.

At the present Eliot Mostow's photographic work is almost purely for pleasure. His only professional work is to subsidize the other pictures he takes. Having received widespread recognition for his talent, this year he won two blue ribbons and was nominated for a Kodak Medallion Award in the regional division of the National Scholastic Art Contest. His favorite subjects are people, especially the very old and the very young. Although Eliot has not definitely decided to pursue a career in photography, he may consider a career in photojournalism. He says that he will continue to try to capture instants of emotion until he is discovered by National Geographic Magazine.

Not many students at Firestone have led the exciting life that Michael Cope has. He was born in the Phillipines, and from there moved to India, England, Brazil, and Australia before he arrived in Akron. He believes that by traveling he has been exposed to different cultures and has become more aware of what is happening in other parts of the world.

By living in all of these different countries, Mike has learned to speak three languages fluently. Although Mike likes living in Akron, he liked Australia the best and would like to return.

This picture of Steve Brownfield and Mark Ballard is misleading. Actually, Mark and Steve have spent many hours each week helping the mentally retarded children of the Akron area. Both started out working at a day camp run and staffed by the West Akron Y.O.U.T.H., which stands for Youth Organized and United To Help. Steve has been involved in the group for three years, and Mark is presently the president. They meet weekly at St. Paul's Episcopal Church to work with the children and take them to movies and other activities. All of their work is on a voluntary basis. Their goal is to try to enable the retarded to live a happy and useful life.

Drama has always been a main interest for Lauren Linehan. She has been active in all types of dramatic productions here at Firestone and in community theaters. Lauren has been in three productions at the Weathervane, one at the Jewish Center, and one at school. She is also interested in pantomine and plans to do a number of mime shows with her teacher Bob Welker who has studied under Etienne Decroux, Marcel Marceau's teacher.

The future may find more than stage acting for Lauren who has applied to the Ringling Brother's and Barnum and Bailey Clown College and hopes to become a clown and tour with the circus for a few years.

It has always been Sue Winland's ambition to sing and act professionally on stage, and she has already started to work towards that goal. Sue has acted in four plays at the Goodyear Theater, her biggest part being that of Chava in "Fiddler on the Roof." She has also been in two musicals at school. Sue also plays the piano, flute, and French horn. She has taken ballet lessons for 13 years and has been active in the Dance Institute at Akron U. for 5 years. Sue intends to continue singing and acting throughout college and the rest of her life.

Homecoming dance draws largest

Although our football team was defeated by Central Hower, the Homecoming weekend was a success. During halftime, a caravan of sports cars carrying the Court paraded onto the field. Last year's queen, Barb Johnson, relinquished her crown to Debbie Walls with the assistance of Crowner Cindy Buzby. During the dance, Freedom played the theme, "You've made me so very happy," while the Court was presented.

The first annual Sadie Hawkins Dance was held on February 14, 1976. Homeroom Representatives, National Honor Society, VOLPLANE, Focus, and Booster Club each nominated a boy to be on the court. The attendants were: seniors Doug New, Roger Preston, and Jim Walter; junior Brent Friedman; and sophomore Pat Tillet. At the dance, Doug New was proclaimed king, and the crowner was Brent Friedman.

On May 7 and 8 the Thespians presented "Tom Jones" in the school auditorium. The drama was based on the novel by Henry Fielding. The setting of the story was 18th century England. The first act opened to show Tom Jones, played by Kenneth Potrock, in love with Sophia Western, played by Marlene Zetzer. Tom was wronged by his cousin Bliful and was banished from Somersetshire by Squire Allworthy, played by Mike Wiskind. In the second act the paths of Tom and his sweetheart cross, but they never do meet while on their way to London. In act three Tom is wrongfully charged with the murder of Fitzpatrick, played by John Perry. Tom in the end is acquitted, and he immediately marries Sophia, and they lived happily ever after.

The play was directed by Mrs. Carolyn Tener, and the student director was Pam Williams. Tom Seese was the stage manager. Also participating in the presentation were the stage crew, publicity crew, sound crew and make-up crew.

Summit, a Firestone High School band, played for the annual May Dance. The theme of the '76 event was "The Best of My Love." The highlight of the affair took place when crowners Liz Logan and Pete Allread crowned Debbie Landis and Dan Riew. Afterward, the king and queen danced the traditional court dance, and soon the crowd joined in. The May Dance was sponsored by the Homeroom Reps who put much time and effort into planning and decorating.

The Homeroom Representatives were selected by their homerooms to plan activities throughout the year. They began with the Homecoming weekend in October with a caravan and mum sale. The canned food drive for needy families was held in November, and a bake sale was held in December. They started something new this year, a turnabout Valentine's dance. The girls gave up their free time to help make Firestone High School run a little more smoothly.

2. COUNSELORS' AIDS: D. Frank, B. Wong, R. Herrlinger, V. Botz. The Counselors' Aids worked during the day to help the counselors with their work. They designed bulletin boards and sorted college information to aid the college-bound students. They helped instruct students as to the various catalogues and necessary forms for college. They also located students at the counselors' requests. The aids were of great value to Firestone's counselors.

3. HALLGUARDS; (Front Row): K. Murphy. (Second Row): R. Forwak, K. Glenn, K. Dobbins, K. Kroll. Gladiators of the gridiron perform well

Though the football team compiled a disappointing record this season, all of the team members played with dedication and courage. Each game was exciting and filled with chances. The team had more depth in personnel this year with twelve seniors and thirty-two juniors on the varsity squad. All of the players were enthused before each game, hoping for a City Series bid. The offense fought hard, displaying its strength in short, powerful bursts. The defense became known throughout the city as being quick, hard hitting, and aggressive. This year's coaching staff, headed by Mick Viland, gave up much of their time during the summer and fall months to make the football team function well as a unit.

Falcons win City Series title

The 1975 soccer team started the season with a slogan which lasted throughout the year. The slogan was "Create a winner," and it led Bender's Booters to a City Series title. The season was exciting, eight wins and three defeats, but was marred by a disappointing loss to Buchtel. Buchtel won the contest on penalty kicks after four overtimes. Led by Captains Spiros Vasilatos and John Wiseman, the team finished with flying colors and brought pride to Firestone High School once more.

Hurt by the injuries of Bill Heidish, Bob Drexler and Dave McCulley, the team still played to another exciting season. Starting the year with high hopes, the basketball team finished with a creditable seven and ten record. The team kept the score close in most of the games. The biggest games of the year were against North and East High. These two games cost the Falcons a bid to the City Series playoffs. Led by Most Valuable Player and Leading Rebounder, Paul Heuerman, the roundballers provided the fans with another year of nailbiting games. This year's wrestling team, coached by Ronald Laubaugh, had to compete against themselves as well as their opponents. The grapplers had to struggle against injuries and sicknesses that plagued the team. These factors caused them to forfeit two or three weight classes at each meet with twelve to eighteen points against them. In spite of this, they still managed wins over Kenmore and Central-Hower, giving the team a two and six record in the City Series. Next year's team will have the experience and strength to take the city full force.

Presenting the

Firestone's principal, Joseph Friedman

"Education is man's most noble adventure . . . education is not, nor can it be considered, the answer to all mankind's hopes, dreams, and ills. Our trust is that the young adult will leave with an appreciation of life and an understanding of his role in society . . . maturity is the end product of self-discipline, not self-expression . . . I have and shall continue to devote my total energy to enhancing the opportunities for our students, staff, and community . . . our school is not only my love but my life."

Joseph Friedman

An assistant principal's job demands variety

Calvin Tritt believes that education is that all-important process by which we are able to develop our minds, characters, and abilities. Phyllis Lerch feels that education serves as a stepping stone to arrive at a desired goal.

Counselors open doors

Ruth Courtney believes students should discipline themselves to gain knowledge, move toward a commitment or a clearly considered pattern of thought and action, and then do a little dreaming. The dreaming is to gain courage for the possible.

Kay Fluke feels that education is important if we are to develop a society of intelligent citizens responsible for the preservation and maintenance of our freedoms in a democracy.

Louise Jacobs believes that education is a process which opens the door of your mind and develops your curiosity and your desire to seek knowledge throughout your life.

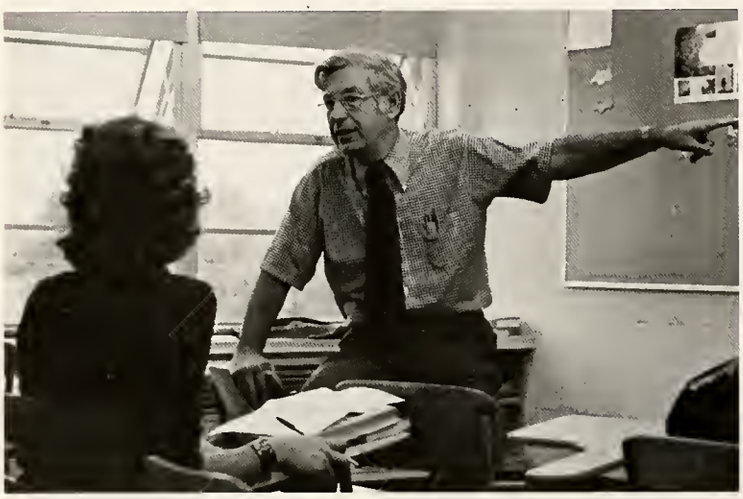
The cafeteria workers take time out from a busy day.

The competent Falcon custodians keep the school functioning smoothly.

A teacher's job demands perseverance



Mr. Blake points out an important fact to an interested student.

Dedication and determination brought out the best in this year's administration. They dedicated their time to assist those who needed help whether it was for scholastic or athletic reasons. Their determination in helping these students showed up in many areas which were easily recognized.

Mrs. Smith assists an eager student in the Home Ec Room.

Coach Mick Viland plans the strategy for the next play.

Mrs. Weiss uses audio-visual aids.

Another "Whitney guarantee"?

Mr. Lentine directs Firestone's number one marching band.

Coach Knight expresses his opinion at a varsity basketball game.

Mr. Parker takes the attendance in the Student Center.

The 1975-1976 coaching staff is introduced during a fall pep assembly.
